POST TO INSTALL

The annual installation of officers of the Florence Eastman Post #280, American Legion, will be held at the Holy-Ghost Hall, Park Street, Mattapoisett, on Saturday, September 27th, at 8 P.M.

Incoming officers for 1969-1970 are: Elmer Sylvia, commander; Gabriel Botelho, senior vice-commander; Robert P. Nunes, junior vice-commander; John Raphael, adjutant; Manuel Roza, finance officer; Joseph Marcellino, chaplain; John DeCosta, historian; Joseph Furtado, judge advocate; and James B. Cushing, sargeant-at-arms.

Refreshments and dancing will follow the installation of the officers.

General Sewage Plan

Mattapoisett Selectmen have received a general plan of a proposed sewage system to serve Mattapoisett from Fay, Spofford & Thorndike, Inc. Mr. William G. Dyer wrote in apology for the great delay in completing the report saying that the pressure of other work accounts for the delay. He said that every effort will be made to finish the Mattapoisett report work by the end of September.

The general plan shows the layout of the system throughout the town. Mr. Dyer states that studies have indicated that treatment of Mattapoisett's sewage at the Fairhaven plant now under contract for construction would prove the most economical arrangement rather than a separate treatment works in Mattapoisett. The plan shows proposed force main sewer construction from Mattapoisett Neck area westerly along railroad right-of-way to future Fairhaven main gravity sewer.

Selectmen will have to wait for the detail report containing the costs, etc. before they can study the plan and form any proposal based on it.

SPORTS APPOINTEES

Mattapoisett Selectmen have appointed three new members to the Mattapoisett Sports Committee to replace members who resigned. William Hubbard, Robert Gardner and Peter Perkins are the new members

who will join Carl Nelson and Franklin Caswell on the 5-man committee. In addition, Selectmen have named Floyd Empey, Frank Cooper, William Calise, Jack Meehan and Robert Moore as associate members to serve with the regular members.

DONKEY BALL GAME WAS A BLAST

The Rochester Leo Club sponsored a Donkey Baseball Game at the Raynor M. Gifford Memorial Park on Sunday, September 14th.

The Leo Club challenged the Rochester Fire Department in this fun-filled, side-splitting contest. The line-up for the Fireman and their donkey assistants were: Orin Robinson, first base, on Snuffy Smith; Kenneth Hathaway, second base, on Lightning; Maurice Gifford, third base, on Elvis; Gifford Lawrence, short stop, on Smokie; Duffy Clapp, left field, on Dynamite; Paul Gonneville, center field, on Lil Abner; Fire Chief Nathan Lawrence, pitcher; and Fire Captain Elmer Lawrence, catcher.

Starting line-up for the Leos were: Lincoln Brown, first base; Carl Snow, second base; Jeff Martin, third base; Jay LaBelle, short stop; Louis Ouellette, center field; Bobby Cobb, left field; Joseph Thomson, right field; Leo President Tyler Brown, pitcher; and Leo Secretary, Stephen Plaud, catcher.

After four innings of play at which time the score was 2 to 2, exhaustion of players

required a half-hour intermission. When play resumed, free substitution was in order. Holly Gifford substituted for dad Maury. Gert Snow pinch hit for catcher, Elmer Lawrence. At the count of two strikes and three balls Gert connected with a long center field home run. With the aid of fellow players her donkey Kilroy was able to round the bases. As the game progressed substitution became a wild contest with the following subs for the Fire Department taking a turn at bat or in the field: Ralph Snow, David Lawrence, Bobby Gonneville, Chucky Gonneville, Eric and Carl Enroth, Dick Threshie, Scott Weigel and two Sol brothers. Substitutes for the Leo Club were Edna Chadwick, Jody Church, Cynthia Chamberlain, Donna Gayoski, Sheila Teresa,

The spry little donkeys put on a real show with the world's most famous bucking donkey "Honey Pot" defying all batters to ride to first base.

The Fire Department and Lions Club voted their profit from tickets and refreshments be added to the Leo Club share, all for the benefit of rehabilitation of the recreation building at the Memorial Field.

The Rochester Leo Club has been working at the field for some time. The roof has been made weather tight, a metal flag pole has been purchased to be installed by the site of the monument commemorating Raynor M. Gifford, which is currently under construction by the Raynor M. Gifford sign committee. Proceeds from the donkey baseball game will be used to electrify the building and utility court, also under construction.

Before the next summer vacation season Rochester's Raynor M. Gifford Memorial Park should be in full readiness for basketball, volley ball, tennis, Little League and Senior League baseball and softball and a family picnic area and a children's play area.

Let us take our "Hats Off" to one group of teenagers who are using their spare time and energy to the betterment of the community. Keep up the good work Rochester Leo Club. The Leo Club is sponsored by

Letter to the Editor

As a resident of this town for the past ten years, I have seen my taxes double. I have paid for them without complaints as I know it was for town up-keep. Now I find we can't even keep good patrolmen because they are not getting paid enough.

It made me sick to my stomach when I read that a former policeman is now going to work as a custodian. Shame on the town and Selectmen!

This man put in 15 years on our police force as a conscientous, likeable and well mannered officer. He knew our children

It is very comforting to know you can count on a patrolman who knows his business in time of need.

Now that I have gotten this off my chest I have another problem. The road I am living on has no town water, although it has been here for 50 years. We are just asking for a necessity of life, "water". Town residents feel we don't need it. Selectmen's hands are tied. I would like to see the water in town shut off for 2 days. Wow! I would be able to hear the women hollering and complaining to my street. Although I have gone without water a week at a time due to breakdown or drought, I don't feel the subject of water, what street can or can't have it, can be even discussed. It should be put in as each street forms. More and more houses are being built here and it is a great expense to dig an artesian well.

Now am I lucky - no sidewalk, but they will widen the road for more cars. I'm sure lucky I'm going to have a speedway soon.

Soil Conservation

SOIL SURVEY OF PLYMOUTH COUNTY

A Soil Survey of Plymouth County has just been released. The report's preparation was announced by August I. Reese, District Conservationist of the Soil Conservation Service at Middleboro. The County was mapped and the report prepared by the Soil Conservation Service in cooperation with the Massachusetts Experiment Station.

This is the second county in Massachusetts to have been completely remapped along with the publication of a soil survey report.

The report tells how a soil survey is made, describes the soils of the county, and has detailed information about their use and management.

Some forty different kinds of soils and land types have been identified. These vary all the way from level, well drained soils to poorly drained situations and areas of tidal marsh. The use and management groupings include a wide range of information valuable to many users. The major uses include agriculture, community development, engineering purposes, woodlands, and wildlife. The information dealing with agriculture includes a capability grouping of the soils and the

management of these capability units for good production along with estimated yields.

The information dealing with the use of soils for community development includes their rating and general limitations for septic tank systems, homesites, school sites and athletic fields.

Selected soils have been analyzed in the laboratory and engineering test date and general soil properties have been described.

Soil-woodland uses have been divided into the various forest types with estimated growth and volume yield for the major kinds of forests in the county.

Information about the suitability of individual soils and wildlife includes descriptions of habitat and adaptability for various kinds of wildlife along with suitability ratings.

Agriculturalists, conservationists, planning consultants, developers, conservation commissioners and others will find a wealth of information in this newly published soil

TOWN OF MATTAPOISETT, MASSACHUSETTS PUBLIC NOTICE

Rules for issuance of Commercial Permit to take scallops with power dredging from the waters within the limits of the Town of Mattapoisett are subject to all the laws of the Commonwealth governing the taking of scallops, and any regulations made by the Selectmen, including the following:

1. The fee for this permit is \$10.00, payable to the Town Treasurer at the time permit is issued.

2. This permit is not transferable and shall become void if any laws or regulations are violated.

3. There shall not be over two (2) licensed persons per boat.

4. No dredging will be allowed in Pine Neck Bay (so-called Pine Island Pond), or in Dunn's or Hiller's Cove (so-called).

5. No commercial scallop license will be issued for the taking of scallops in less than 6 ft. depth at mean low water in the waters of Mattapoisett. This section does not apply to the waters of Brandt Island Cove.

6. No dredging will be allowed in Brandt Island Cove, except from row boats equipped with an outboard motor. When dredging, the towing of skiffs is prohibited.

7. Scallops may be taken under this permit only on week days between sunrise and sunset. A person holding a commercial scallop license may not take any scallops on a family permit on Sunday or any other day.

8. A person or persons holding a commercial scallop license shall give the Shellfish Officer, his deputies or Police Officers, permission to examine the catch in any boat, bag, box or vehicle.

9. All starfish, winkles and their eggs strings taken while scalloping are to be placed on shore above high water mark.

10. Limit: 8 bushel per day, per license - 16 bushel per day, per boat. Scallop bags to be used and may be purchased at \$1.50 per bag.

11. Permit in force from October 1, 1969 to April 1, 1970, unless revoked.

12. Quantity of scallops taken daily to be reported to Shell-fish Constable Augustine Silveira Telephone 758-2575.
